I learnt a lot from book sent by you. I would like to join in such activities of college and spread to others. At present I am performing well as a teacher. Books like this from your side in future will encourage me to perform my duties better. I will happily join in any activity under OSA.

- Javed Mahommad (Member, OSA –on receiving book)

Establishment of OSA by this college is a good event. I wish other old students join this. Book sent by you is helpful for all round development of trainees and rectifying deficiencies of a teacher. I am thankful to institute for remembering me.

- **Kamlesh A. Talpada (Member, OSA – on receiving book)**

We learn a lot from ACE's planning of various co-curricular activities along with curriculum. Institute environment seems very good. Teaching-Learning and Guidance given by faculties are very effective. I felt vital behavioral changes in my behavior after completing training from this institute. I am enabled to use LCD and ICT by guidance of faculty as I was unable to use it.

- **Pankaj L. Damor (Trainee: 2010-11)**

ACE is ideal for trainees. Trainees can achieve their goals with the help of this college. Trainees can develop their all round skills by its curricular and co-curricular activities. Faculty is having good temperament and use various teaching learning method. I wish all the best for its future. I am proud to be a trainee from this college.

- **Irshad H. Vohra (Trainee: 2010-11)**

I learnt a lot from ACE. I felt inner change in my life. Change in thoughts is due to institute and its faculty. Faculties are strict but of loving nature internally. They point out our mistakes and at the same time they take care of us. Lots of sweet memories are lifelong achievement.

- **Amit R. Parekh (Member, OSA)**
